GROUP**

Paleo Faliro Clinic

April 21, 2016  
7469 Mansè Ranch Ave.  
LAS Vegas, NV 89179-205

Gentlemen:

When my fiancé, Christian DENNING, became ill onboard the cruise ship KONINGSdam, he was transported by ambulance to Paleo Faliro Clinic, I was worried about being in a foreign country where I do NOT speak Greek. However, the service we received from DR. Sachiuidis and DR. Melas quickly put us at ease. They were very caring and provided excellent medical care; even better care than Chris received from most U.S. hospitals he has been in.

STAVROULA helped get our medical insurance in order and assisted me with a number of personal matters during our stay. As his primary care-giver, STAVROULA provided me with a bed to sleep in right in Chris' room and arranged to have food brought to me. She even arranged for shampoo and conditioner so I could shower during our 5-day stay.

DR. Sachiuidis was Chris' primary physician and provided the finest CARE Chris could have received from ANY doctor -

whether in Greece or the United States.

you can be proud of your facility, the administrators who helped us, the entire nursing staff; and in particular DR. Sachiuidis and Stravroula.

We were blessed to have been brought to such a superb medical facility under most difficult circumstances.

THANK you for outstanding service!

Respect fully,  
June Weedon  
June Weedon

and

Chris Denning

Christian J. Denning

In addition, the following staff helped us during our stay:

Vassiliki - helped comfort me when I arrived and was troubled, and checked in on me during our stay.

Artemis - Helped us with our daily needs and special requests.

Maria - our very caring nurse who took excellent care of Chris.

Nikos - who helped clean Chris up when he had an accident - (two times!)

Bill - Helped both Chris and me with any needs we may have had.

All of these people took the time to learn English and comfort patients during the stay. This hospital is blessed to have them.
